MEMORANDUM FOR: Chief, Counterintelligence Staff

FROM: Director of Central Intelligence

SUBJECT: Pumpkin Papers Talk

Clare Boothe Luce got me to speak to about 100 people to talk about the Hiss case and its implications. I would appreciate it if you will check to see if there is anything it would be advisable not to say and give me any tidbits that might liven it up a bit more. The emphasis I want to leave on this talk is the significance of agents of influence and other disinformation activities, and I haven't done it as well as I'd like to, so if you can develop a paragraph or two which would bring it out more strongly I'd be appreciative. Striking an example or two would be particularly useful.

William J. Casey
